

Points to Remember

1. There is a 7 day cooling off period for any order that is over £200.

This actually works to our advantage because the Galvanic Starter pack is priced at £199.98 for this reason. In other countries including southern Ireland the same kit is around £250!

When The Business builder pack is ordered for a new distributor, one Galvanic kit is shipped immediately and then 7 days later the rest of the pack is shipped.

2. Everyone who signs up as a Distributor, needs to do a commission form with their bank account details, this has to be scanned and attached to an email to uk@nuskin.com
3. To sign someone up online, it isn't necessary to have the Distributor Agreement form completed, but it is useful to use to get all the details and you can keep the top sheet for future reference.

It is best to do the signing up process online - using the guides provided to take you through the process - with the person present, but that isn't always possible if there is no internet access available where you are.

In that case it's important to get their 3 digit card security number, as this is needed for their online payment.

As soon as they are registered and their starter kit etc. is ordered, you can destroy their card details.

Their email address will be their username, and remember that if you are signing them up later you will need to get a password from them for their account log in.

The ADR prices for all products are in the ADR price list, The wholesale and retail prices are in the Wholesale price list. There is also a separate list with Retail prices only.

The ADR price is 5% less than wholesale, plus 20% of the points value of the products are awarded as reward points which can be saved and 'cashed in' for free products. This increases to 30% of the points value after 12 months.

After you have registered your customers and distributors online, and completed their ADR order, be sure to give everyone a copy of the [MANAGING YOUR ADR](#) sheet, as they are responsible for making any changes to their account.

Remind new distributors that they will need extra gels to do their own treatments and demonstrations. They can start their ADR order for 7 days after signing up to order extra gels.

Please note that if any of the special price packs are ordered they do not carry the ADR Reward points.

To help you to understand the qualifying route to get to Executive and to reach the higher commissions etc. There are documents which explain it. see the sheets 'Compensation plan Made simple' 'Compensation Flow chart' and 'PAY PLAN'.

And please don't worry, it takes a while to understand it all fully!
