

**Do you wish you could turn back the clock and regain your youthful looks?**

In a UK magazine poll 84% of the participants between the age of 30 – 60 agree that they are worried about the effects of ageing on their skin..... and, they are seeking a solution.

88% of readers agreed that when their skin feels great they feel younger.....

**The way our skin looks has a very emotional impact on the way we feel.....**

Specific issues for people are:

**49% are concerned about the fine lines and wrinkles that happen as we age...**

**43% worry about dark under eye circles that indicate tiredness...**

**47% of the women surveyed say they would never have plastic surgery...**

**So over 50% of people polled will be relying on anti-ageing skincare products to keep them looking their best!**

**Most of the people polled switch brands more than twice a year to try to find the perfect product.**

Other desires for people are:

Brighter skin

A firmer neck

Tighter eyelids

Less under eye puffiness

More even skin tone

**Most of the people polled switch brands more than twice a year to try to find the perfect product.**

**Finding skincare products that deliver all this is the Holy Grail.....**

**The main things participants picked out as having an impact on their confidence were face, skin, hair, body and clothes in that order. This explains why so many of them agree that they rely on skincare products to keep them looking young.**

**Nuskin's Galvanic spa, ageLOC facial gels and the new ageLOC daily skincare range Truface essence ultra and other Nuskin skincare products can deliver all this and more!**
